POLICY STATEMENT

Staff in the Centre must be prepared to handle all incidents in a professional and sensitive manner. In the event of such tragic circumstance as the death of a child or a staff member, the staff will follow guidelines as set out below.

RELATED POLICIES

- Epping Heights OSHC Policy A-11: Maintenance of Records
- Epping Heights OSHC Policy A-17: Privacy and Confidentiality
- Epping Heights OSHC Policy C-4: Staff Professionalism
- Epping Heights OSHC Policy D-9: Emergency Procedures
- Epping Heights OSHC Policy D-11: Management of Incident, Injury and Trauma

PROCEDURE

The death of a child or staff member whilst in attendance at the centre will result in the same procedures undertaken as that of a "serious injury" (see Accident Policy)

The death must be reported to:

Emergency Services (both Police and Ambulance)

NSW Government – Department of Family and Community Services

The Management Committee.

The Regulatory Authority for NSW (see below)

Clear emergency procedure should be maintained for the other children at the Centre (Emergency Procedures policy)

The Responsible Person on duty will notify the parent/guardian that a serious incident has happened and advise them to contact the relevant medical agency.

This information should be provided in an extremely sensitive manner.

It is not the role of the Centre to inform the parent/guardian that their child has died. Only a qualified medical practitioner can declare a person dead and therefore Centre staff should ensure the parents are only advised that the injury is serious and refer them to the medical agency (i.e., hospital) where the child has been taken.

A detailed incident report will be completed as soon as possible and forwarded to the President of the Management Committee.

The site of an incident may be subject to investigation and should be protected from disturbance until notified that there is no interest in the site by the Police.

Counselling will be made available for all children and staff.

Regulatory Authority for NSW

The Nominated Supervisor will ensure that the NSW Regulatory Authority (see below) is notified of the child's death as soon as practicable and within 24 hours or as soon as the staff member hear of the death. This is a requirement under the Education and Care Services Regulations (2011)
