- Epping Heights OSHC Policy D-22: Child Protection Policy
- Epping Heights OSHC Policy D-23: Child Management

PROCEDURE

An online Enrolment must be completed for each family via the Epping Heights Portal:

www.becklynweb.com.au/eppingheights

For a family to log on as a new user, the Centre must be contacted to obtain a password.

At completion of the online enrolment, a copy of an immunisation History statement for each child must also be provided as well as the completion of any other relevant information/permissions (interests form & technology agreement form – obtained via the Epping Heights website or at the Centre). The appropriate Membership Fee, as set by Management, will be invoiced on finalisation of the online enrolment. This is payable by all families before the child/ren can attend the Centre. Families on Direct Debit will have this debited during their next debit run.

The Centre Director or other appropriate educator is to go through the enrolment information prior to approval of the enrolment and the child(ren) starting care to ensure all the appropriate fields have been completed, forms provided, and assist any families having difficulty completing the online enrolment. Once all information has been received, the enrolment will be approved, and the Parent will receive an email advising of such.

The online Enrolment Form (available on the centre webserver) must be completed in full and contain the following information as prescribed in Regulation 160:

- the full name, date of birth and address of the child
- the name, address, and contact details of:
 - each known parent of the child; and
 - any person who is to be notified of an emergency involving the child if any parent of the child cannot be immediately contacted; and
 - any person who is an authorised nominee; and

Note: *Authorised nominee* means a person who has been given permission by a parent or family member to collect the child from the education and care service or the family day care educator. See section 170(5) of the Law.

 - any person who is authorised to consent to medical treatment of, or to authorise administration of medication to, the child; and
 - any person who is authorised to authorise an educator to take the child outside the education and care service premises;

- details of any court orders, parenting orders or parenting plans provided to the approved provider relating to powers, duties, responsibilities, or authorities of any person in relation to the child or access to the child;
- details of any other court orders provided to the approved provider relating to the child's residence or the child's contact with a parent or other person;
- the gender of the child;
- the language used in the child's home;
- the cultural background of the child and, if applicable, the child's parents;
- any special considerations for the child, for example any cultural, religious, or dietary requirements or additional needs;
- the relevant authorisations set out in regulation 161;
 - an authorisation, signed by a parent or a person named in the enrolment record as authorised to consent to the medical treatment of the child, for the approved provider, nominated supervisor or an educator to seek—
 - i. medical treatment for the child from a registered medical practitioner, hospital, or ambulance service; and
 - ii. transportation of the child by an ambulance service; and
- the relevant health information set out in regulation 162;
 - the name, address and telephone number of the child's registered medical practitioner or medical service; and
 - if available, the child's Medicare number; and
 - details of any—
 - i. specific healthcare needs of the child, including any medical condition; and
 - ii. allergies, including whether the child has been diagnosed as at risk of anaphylaxis; and
 - any medical management plan, anaphylaxis medical management plan or risk minimisation plan to be followed with respect to a specific healthcare need, medical condition or allergy referred to above; and
 - details of any dietary restrictions for the child; and
 - the immunisation status of the child; and
 - if the approved provider or an educator or family day care educator has sighted a child health record for the child, a notation to that effect; and
 - in relation to New South Wales, certificates for immunisation or exemption for the child, as required under section 87(1), (2) and (3) of the Public Health Act 2010 of New South Wales.

The online Enrolment Form must be completed in full and contain all relevant information relating to personal, medical, behavioural, and custodial details for each child, parent or guardian and emergency contacts along with any special requirements relating to that child.

If a child is subject to a court order, parenting order or parenting plan, the service must have a copy on record plus any subsequent alteration registered by the court. This evidence of court orders or agreements must be provided (upon enrolment if possible) in order to minimise the likelihood of distressing situations occurring in the future and must include any additional information relating to powers, duties, responsibilities, and authorities of any person in relation to either the child or access to the child.

If a child has any specific health care requirements E.g. Diagnosis of being at risk of Anaphylaxis, a copy of the medical management plan i.e. ASCIA Action Plan as set by the child's medical practitioner, must be received upon enrolment (or as soon as the child is diagnosed) and kept on record with the child's enrolment details. Where a child has such a specific health care requirement on enrolment, the paperwork and any associated medication must be received prior to the child first attending the centre. A Risk Minimisation and Communication Plan must also be completed by the centre and parent, identifying factors to minimise risk factors of the medical condition. This must be received prior to the enrolment being approved, and the child first attending the service.

All enrolment forms are to be kept in a secure file (see A-11 Maintenance of Records policy) and kept confidential from all but the approved persons who enrolled the child, relevant Educators and relevant Management Committee members, the Centre's Administrative Service Provider and Commonwealth and/or State Department Officers (see A-17 Privacy and confidentiality Policy).

Online Enrolment forms are to be updated yearly and/or when there are changes to the family's details or circumstances. Parents will be advised that it is their responsibility to notify Educators of any changes to their current details upon enrolment through the Family Handbook.

To confirm re-enrolment for the following year and to cater for any changes to care required, current families will need to complete an online re-enrolment and selection of required bookings during term 4 in preparation for the commencement of the following year.

Information will be communicated to families as enrolment and re-enrolment commences in Term 4. Re-enrolling families (including the addition of a sibling to an already enrolled family) are given a priority period within which to re-enrol, prior to enrolment of new families commencing.

A closing date will be set and advised to all families for when online enrolment and re-enrolment must be completed. Any families failing to complete their online enrolment or re-enrolment prior to this date will be unable to make a booking during Week 1 and 2 of Term 1. This period ensures staff can assist in settling in any new children and provide the highest quality of care as opposed to communicating with new or re-enrolling families regards their enrolment. The Director has the delegated authority to waive this two-week booking period in extreme cases only.

Depending on availability of care, and subject to policy decisions above regards the closing date of enrolment and re-enrolment, children may be enrolled at any time throughout the year. Care will be determined by availability and the Priority of Access Guidelines (see A-2 Priority of Access Policy).

On enrolment, families will be provided with a Family Handbook detailing how the centre functions, including:

- Philosophy and goals
- Management structure
- Priority of access and waiting list
- Hours of Operation
- Fee Structure
- Program
- Staffing arrangements
- Child Care Subsidy (how to apply)
- Quality Standards
- Mandatory reporting
- Grievance and complaints handling
- A summary of all policies and procedures that relate to families and children

Completion of the Online Enrolment Forms is considered to be the parent / guardian's acceptance of the Centre's policies and procedures.

Depending on availability of care, children may be enrolled at any time throughout the year. Parents may also place their child on the Wait List for the current or upcoming year if there is one in place. The child must also be currently enrolled to be placed on a Waiting List. Care will be determined by availability and the A-2 Priority of Access Policy
