## Reptile Presentation

Risk assessment					
Activity	Hazard Identified	Risk Assessment	Elimination/Control Measures	Who	When
Petting & Handling of Reptiles	Skin being grazed by the animals	Low	All animals that can be pet, do not have skin that can cause any damage to those who interact with them. Also, all animals with claws receive regular nail checks to ensure a blunt tip.	Guests	
Petting & Handling of Animals	Being bitten by the animals	Low	All animals used in our shows are put through a rigorous training process to ensure they are conditioned to human interaction. Also, all animals will be presented to all guests in a position to minimise damage if a bite should occur.	Guests	
Handling of Animals	Back/body strain	Low	All animals given to guests to hold will be of an appropriate size and weight. All guests will be briefed before handling on correct procedure to reduce this risk.	Guests	
General Interaction with Animals	Extreme fear distress	Moderate	All guests will be briefed on what animals will be presented and will have the choice if they would like to participate in the activity.	Guests	

General Interaction with Animals	Defecation (salmonella & other zoonotic diseases)	Low	All animals are selected & fed on scheduled diets to ensure they are prepared for shows & will not be stressed. Also, all events will have a basic cleaning kit including a veterinary grade disinfectant (F10).	Guests	
Handling & Touching Animals	Injury (to animal)	Moderate	All who participate in the event will be briefed on safe touching and handling practices to ensure all animals are safe. Also, staff of Raptor Reptiles will be constantly supervising those interacting with animals to ensure all procedures are being followed.	Animals

## SAFETY ASSESSMENT

Any activity has risk. The purpose of this Safety Assessment is to be aware of dangers and have processes in place to prevent harm and injury from occurring.

Safety is everyone's responsibility. If we deem an event or situation unsafe we will not continue or adjust the activity accordingly.

A safety assessment will be conducted before each event with relevant parties involved.

We are a professional team, have love and passion for our business and the enjoyment and safety of our guests and staff our priority.

### Unicorn (Pony)

RISK	Management
Injury from kick	Restrict people from being behind his rear.
Injury from bite	If fed it is to be done under direct instruction from a trainer
Risk of horse escape or being startled	Under constant control of a trainer during the event. When the trick show or jumps are being run guests will be behind a designated area that is clearly marked. Remove soccer balls etc.
Risk of child poking or touching crowding the horse eg. around eyes, ears or around mouth	Guests to be under constant supervision by a trainer whilst engaging with activities Safety brief and instruction before interaction advising not to touch around eyes ears and mouth. Management of guests with an ordered line to prevent overcrowding.
Risk of fall when riding	Saddle properly attached. All riders to wear helmet with hard surfaces. Each rider to be physically held on by trainer.

	Use of stool to enable rider to mount horse without need to physically lift on. Selection of riding area designated and marked out No pets eg dogs in the area
Contamination/Covid Safety	Clean up equipment available in case of mishap. Hand wash available. Social distance and personal hygiene reminders
Risk of being trodden on	Guests should wear enclosed shoes.
In the event of injury	First Ait kit on Location and first aid training For trainers. Record Detail of event. Current Insurance Policy in place.
Equipment	Checked before each event with checklist

## Dinosaur

RISK	Management
Fall/Trip	We will inspect the area prior to use. Flat surfaces are preferred. We will set up barriers and have allocated viewing and activity areas. The majority of the event will be participants watching.
Contamination/Covid Safety	Clean up equipment available in case of mishap. Hand wash available. Social distance and personal hygiene reminders
In the event of injury	First Ait kit on Location and first aid training For trainers. Record Detail of event. Current Insurance Policy in place
Equipment	Checked before each event with checklist
Sand in eye	A number of activities involve digging for fossils. Sand used is child friendly playground sand. To reduce chance of sand in eye, constant reminder not to throw or flick sand. Constant supervision. Wash hands after event.
