All documents relating to children and parents (including fee payment and CCS information) will only be made available to the parent/guardian or approved persons enrolling the child, Educators, Administrative Service Providers, and authorised members of the Management Committee who require relevant information, or Commonwealth or State Government officers when requested.

To allow for delayed disclosure by victims and take account of limitation periods for civil actions for child sexual abuse, Epping Heights OSHC should retain, for at least 45 years, records relating to child sexual abuse that has occurred or is alleged to have occurred. These records

must be clear, objective, thorough and maintained in an indexed logical manner. This is to ensure the information is retained and disposed of in a consistent manner.

When reporting to more than one statutory body, any reference numbers provided should be added to the form

Records relating to an allegation against an educator should be kept on a file separate to their personnel file to ensure the confidentiality of the victim and their family.

Individuals' existing rights to access, amend or annotate records about themselves should be recognised to the fullest extent.

All documents relating to fee payment and CCS will only be made available to the parent/guardian or approved persons enrolling the child, staff, Administrative Service Providers and authorised members of the Management Committee or Commonwealth Government officers.
