Scope

This procedure covers all the documentation, records and materials related to WHS at the Centre.

Responsibilities

Management has the responsibility to:

- Ensure that all documentation and recording and reporting of WHS related information is stored and easily accessed by all staff and anyone else who requests access
- Ensure where possible documents are stored in GELSafe

Staff have the responsibility to:

- Follow procedures for recording and reporting information in the manner required

Procedure

All WHS related information will be stored securely.

Centre specific and detailed departmental information is recorded elsewhere within the Centre.

Standard Section lists are:

- WHS Consultation: Records all consultation between staff and management regarding WHS
- WHS System Self Audit: This is an internal 'mini-audit', and you will be reminded to undertake this every 26 weeks via email reminder through the GELSafe system

- Workplace Inspection: A checklist used in the regular workplace WHS inspection. You will be reminded to undertake this every 3 months.
- Incident Report Form: An electronic form used when an incident has occurred, with corrective / preventative actions that need to be actioned and followed through to completion
- Register of Injuries: Documentation of all injuries sustained by workers in the workplace
- Hazardous Substances Register: A form for listing all the MSDS relating to hazardous substances / chemicals used in the workplace
- Staff Induction Register: A form for listing all staff and details of their induction in the workplace
- WHS Training Plan: A form used to create a training plan for staff and to upload any certificates detailing staff qualifications in the workplace
- Contractor Management Tool: A form used to list all Contractors, insurance details and expiry dates and to upload any certificates of currency of those insurances and safe work method statements for the workplace.
